Re: Chemical Recovery Systems Site
Elryia, Ohio

Dear Ms. Sheppard-Johnson:

E. I. du Pont de Nemours and Company ("DuPont") is in receipt of the Agency's Notice Letter of Potential Liability for the subject site. If there is credible evidence to link DuPont-sourced waste to the Chemical Recovery Systems Site, DuPont will assume its fair share of the costs to study it. In the interim we will work with the Agency and the PRP Group to better understand the extent of our possible involvement and the remedial concerns posed by the site.

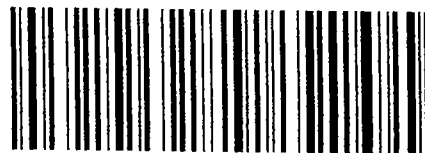

Please address all further correspondence regarding this matter to:

Barbara U. Gravely
DuPont Legal, D-7083
